

The Excitement Starts Now! The result depends on our GPFS members!

2021 Flute Fair – No in-person instrument testing due to the pandemic 😞

2022 Flute Fair – YES/MAYBE! In-person instrument testing under a modified format 😊

GPFS cannot guarantee an exhibit hall venue for our usual flute testing and shopping at the Flute Fair on April 9, 2022. So, we contacted our Commercial Members and proposed a modified format for individual in-person flute testing and shopping from hotel locations. GPFS recommended locations near the I-5/217 interchange area, but location is the Commercial Member's decision. We have significant interest from a number of Commercial Members based on this format **IF THERE IS ENOUGH INTEREST FROM GPFS MEMBERS!**

How can you make this happen? Contact any Commercial Members you would be interested in meeting with on April 9, 2022 during Flute Fair and put in your request for an appointment as soon as possible. If there are too many appointments to fit into April 9, it may be possible to arrange an appointment a little before or after that date depending on each Commercial Member's schedule. Yes, you can make appointments with multiple Commercial Members to find that special flute needed for your musical journey.

Please contact Commercial Members you are interested in meeting with by January 15, 2022, if possible, to ensure in-person instrument testing will be available during Flute Fair 2022. You can also connect with them after that but be aware that they require some lead time to make arrangements and if there is not enough interest, they will not come.

You can find Commercial Member links on the GPFS website at <https://gpfs.org/Commercial-Membership>, the individual Commercial Member's website, or contact me and I will be happy to help you connect.

Wishing all of you happy fluting.
